

Ideation phase Empathize & Discover

Date	18 October 2023
Team ID	PNT2022TMID591889
Project Name	Dog Breed Identification using Transfer Learning
Maximum Marks	4 Marks

An empathy map is a simple, easy-to-digest visual that captures knowledge about a user's behaviours and attitudes. It is a useful tool to help teams better understand their users. Creating an effective solution requires understanding the true problem and the person who is experiencing it. The exercise of creating the map helps participants consider things from the user's perspective along with his or her goals and challenges.

Empathy Map
